

Attention Members: Effective Immediately

Per Board Decision, dated February 7th 2011, any prescheduled board-approved event, (i.e.: League practices or matches, NRA classes, etc.), has exclusive use of this entire facility. Please be advised that you may not use the range at this time.

Those wishing to shoot outside of posted 'open range' hours should check the master calendar at the club's website, www.MuskegonPRC.org, to determine if your shooting conflicts with a previously scheduled event.

Thank you for your understanding and cooperation in this matter.
